

**BOOK NOW TO SEE THE MIGRATION IN KENYA  
FLY-IN PACKAGES TO THE AMAZING MASAI MARA**

Last year, many travellers faced disappointment when the holiday they wanted wasn't possible because others planned ahead.

Every year starting in July, the migration of more than a million and a half wildebeest moves back into Kenya's Masai Mara. Their arrival is punctuated by the river crossings that have been aired on countless wildlife programmes. You can experience the Masai Mara and all of Kenya's hospitality in a choice of our scheduled safaris or a fly-in package to one of Masai Mara's camp's or lodges. We still have a few rooms left, but they are moving as fast as a cheetah on the heels of a gnu.
