Secluded within a grove of acacia trees, the lodge looks out over the golden savannah plains, with uninterrupted views of the mountain itself. Close by are a series of emerald green swamps, which are fed by the melting snows of Kilimanjaro. As the only sources of water in the park, this attracts huge numbers of wallowing elephants, hippos,

Each room is housed in a single storey building opening directly on to the grounds, each reflecting a Masai manyatta theme, each with its own hand-painted wall frescos.
